

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2010

Pursuant to Indiana Code § 5–28–28, the Indiana Economic Development Corporation (“IEDC”) is required to provide a report to Governor and the Legislative Council regarding the compliance of companies receiving job creation incentives. The IEDC is further providing information regarding IEDC’s other statutory programs. As provided for in Indiana Code § 5–28–28–5, the following report is limited to those awards applied for and awarded during the period beginning July 1, 2007 and ending June 30, 2010 and all determinations made by IEDC as of June 30, 2010. Following are descriptions of the programs included in this report.

JOB CREATION INCENTIVES

Economic Development For A Growing Economy (IC 6-3.1-13)

The Economic Development for a Growing Economy (“EDGE”) tax credit program is Indiana’s primary job creation incentive. The EDGE program provides tax credits to companies creating net new jobs in Indiana. EDGE awards are calculated based on the number of jobs being created and the wages associated with those jobs. An EDGE award is released on an annual basis over a period of up to ten years after a company first certifies its net new Indiana payroll achieved for that year to the IEDC. Employment figures included in this report represent the total number of employees anticipated to be hired over the term of the incentive agreement. The tax credit amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. In the event that actual new employment differs from the employment level indicated in the incentive agreement, the annual award amount is adjusted on a pro-rata basis to reflect actual performance. In no event can the total benefit received by a recipient exceed the total award amount indicated in its incentive agreement. There is a maximum of \$128,921,866 in EDGE tax credits available to be earned by recipients for projects that applied for and were awarded during the reporting period.

Hoosier Business Investment Tax Credit (IC 6-3.1-26)

The Hoosier Business Investment Tax Credit (“HBITC”) program is a job creation incentive. The HBITC program provides tax credits to companies making significant new capital investment in Indiana. The credit amount is equal to a percentage (up to 10%) of a company’s eligible capital investment in Indiana. The HBITC award may be carried forward for a period of up to nine years. Investments must be approved in advance by the IEDC in order to be eligible for the credit, and a recipient must first evidence the completion of the investment before the award is released. Employment figures included in this report represent the total number of employees anticipated to be hired over the term of the incentive agreement. Awards are released on an annual basis, and in the event that actual new employment substantially differs from the employment level indicated in the incentive agreement, the award is adjusted on a pro-rata basis to reflect actual performance. The tax credit amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. In no event can the total benefit received by a recipient exceed the total award amount indicated in its incentive agreement. There is a maximum of \$26,783,680 in HBITC tax credits available to be earned by recipients for projects that applied for and were awarded during the reporting period.

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2010

Skills Enhancement Fund (IC 5-28-7)

The Skills Enhancement Fund ("SEF") is a job creation incentive that supports the training of Indiana's workforce by providing reimbursement for a company's eligible training costs. A SEF award is disbursed over a two year period after a company demonstrates its eligible training expenditures. SEF awards are further limited to 50% of a company's eligible training expenses. In the event that a company's employment differs from the level indicated in the incentive agreement, award amounts are adjusted to reflect actual performance. In no event can the total benefit received by a recipient exceed the total award amount indicated in its incentive agreement. The grant amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. Training figures included in this report represent the total number of employees anticipated to be trained over the term of the incentive agreement. There is a maximum of \$26,088,324.50 in SEF training funds available to be earned by recipients for projects that applied for and were awarded during the reporting period.

Indiana Specific Insurance Related Education (IC 5-28-7)

The Indiana Specific Insurance Related Education ("INSPIRE") Training Program provides reimbursement for companies incurring eligible training costs associated with obtaining insurance industry designations and certifications for their employees. A INSPIRE award is disbursed over the term of the agreement after a company demonstrates its eligible training expenditures and achievements. The grant amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. Training figures included in this report represent the total number of employees anticipated to be trained over the term of the incentive agreement. There is a maximum of \$62,579.49 in INSPIRE training funds available to be earned by recipients for projects that applied for and were awarded during the reporting period.

Technology Enhancement Certification For Hoosiers (IC 5-28-7)

The Technology Enhancement Certification for Hoosiers ("TECH") Fund provides reimbursement for costs associated with a company's information technology professionals earning recognized information technology certifications in areas including systems administration, systems engineering, and software development. A TECH award is disbursed over the term of the agreement after a company demonstrates its eligible training expenditures and achievements. The grant amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. Training figures included in this report represent the total number of employees anticipated to be trained over the term of the incentive agreement. There is a maximum of \$624,134.25 in TECH training funds available to be earned by recipients for projects that applied for and were awarded during the reporting period.

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2010

Business Development Loan Fund (IC 5-28-32)

The Business Development Loan Fund is a revolving fund used to provide a borrower a direct loan for an economic development project. The proposed project must do any of the following: improve the technological capacity or productivity of the businesses; enhance the protection of Indiana's environment; or permit the business to expand facilities, establish new facilities, or make site improvements or infrastructure improvements. While the program may be used to fulfill any of the foregoing purposes, it may also be used at times as a job creation incentive. There is a maximum of \$4,499,500 in loan funds available to be earned under this program by recipients for projects that applied for and were awarded during the reporting period.

Industrial Development Project Guaranty Fund (IC 5-28-30)

The Industrial Development Project Guaranty Fund is a non-lapsing, revolving fund used to provide a bank a guarantee for a loan secured by real property or personal property to or for the benefit of an industrial development project or agricultural operation that involves the processing of agricultural products. While the program may be used to fulfill any of the foregoing purposes, it may also be used at times as a job creation incentive. There is a maximum of \$2,000,000 in loan guarantees available to be earned under this program by recipients for projects that applied for and were awarded during the reporting period.

Biodiesel Production Tax Credit (IC 6-3.1-27-8)

The Biodiesel Production Tax Credit provides a tax incentive to support the development of Indiana's biodiesel industry. In order to qualify for the credit, companies must be approved in advance by the IEDC. The credit amount is equal to \$1.00 per gallon of biodiesel fuel produced. There were no biodiesel tax credits applied for and awarded during the reporting period.

Blended Biodiesel Tax Credit (IC 6-3.1-27-9)

The Blended Biodiesel Production Tax Credit provides a tax incentive to support the development of Indiana's blended biodiesel industry. In order to qualify for the credit, companies must be approved in advance by the IEDC. The credit amount is equal to \$0.02 per gallon of blended biodiesel produced. There were no blended biodiesel tax credits applied for and awarded during the reporting period.

Capital Investment Tax Credit (IC 6-3.1-13.5)

The Capital Investment Tax Credit is a job creation incentive that provides a 25% tax credit for investment in equipment, machinery, facilities, buildings, or foundations that are installed or used for a project having an estimated total cost of at least seventy-five million dollars (\$75,000,000) and in a county having a population of more than forty-three thousand (43,000) but less than forty-five thousand (45,000). There were no Capital Investment Tax Credits applied for and awarded during the reporting period.

Headquarters Relocation Tax Credit (IC 6-3.1-30)

The Headquarters Relocation Tax Credit was established to incentivize the relocation of corporate headquarters to Indiana. Qualifying projects must involve the relocation of the principal offices of a company's principal executive officers. The credit amount is equal to 50% of a company's qualifying relocation costs. There were no headquarters relocation applications received or approved through the IEDC during the reporting period.

Ethanol Production Tax Credit (IC 6-3.1-28)

The Ethanol Production Tax Credit provides a tax incentive to support the development of Indiana's ethanol industry. In order to qualify for the credit, companies must be approved in advance by the IEDC. The credit amount is equal to \$0.125 per gallon of ethanol produced. There were no ethanol tax credits applied for and awarded during the reporting period.

APPENDIX

Active Term—means that the Company is currently eligible to earn and receive incentives under the incentive agreement.

Attraction—means the Company is locating a new project in the State.

Declined—means that the Company entered into an incentive agreement with the IEDC but subsequently declined to receive any of the incentives.

Expansion—means the Company is expanding its existing Indiana operations above its base employment level. Expansions may result from a Company's growth in product demand, introduction of new product line, or a decision to consolidate its operations into Indiana.

Maximum Eligible Award—means the maximum amount the Company may earn throughout the term of the incentive agreement after taking into account the performance to date.

Non-compliant-WO—means that the IEDC has made a determination that the Company has not met its obligations under the Agreement and that the claim was pursued but deemed unrecoverable due to the Company's insolvency.

Post term reporting—means that the Company is no longer eligible to earn additional incentives under the incentive agreement but is still required to meet certain reporting or operational requirements, e.g. maintain operations in the State of Indiana.

Retention—means the Company is maintaining its existing Indiana operations.

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2010

OTHER ECONOMIC DEVELOPMENT PROGRAMS

Economic Development Fund

This program provides grants to communities or nonprofits undertaking various economic development initiatives. The Economic Development Fund may be used to support public works projects, technical assistance and studies, economic adjustment assistance, and other economic development programs. There were \$5,748,793.32 in grants applied for and awarded during the reporting period.

Enterprise Zone Loan Interest Credit (IC 6-3.1-7)

The Enterprise Zone Loan Interest Credit is intended to promote access to capital for businesses located in an Enterprise Zone by providing a tax credit to financial institutions making loans to zone businesses. The credit amount is equal to 5% of the interest the financial institution receives in conjunction with loans made to zone businesses. Financial institutions are not required to be located in an Enterprise Zone in order to receive the credit. The Indiana Code does not require financial institutions to apply to the IEDC for approval nor does it require the entity making or receiving a qualified loan to report to the IEDC regarding new job creation or capital investment associated with the qualified loan. As mentioned above, the Indiana Code does not require financial institutions to apply to the IEDC in order to claim the tax credit. Rather, companies are required to notify the IEDC on an annual basis regarding the total amount of credits claimed under this program. In calendar year 2009 (the most recent period available), \$432,263.92 in tax credits were claimed under the Enterprise Zone Loan Interest Credit Tax Program.

Industrial Development Grant Fund (IC 5-28-25)

The Industrial Development Grant Fund (“IDGF”) provides assistance to communities making infrastructure investments in support of economic development opportunities. Eligible infrastructure includes airport facilities, sanitary or storm sewers, water lines, streets, rail spurs, information and high technology infrastructure, or other real or personal property. There were \$8,816,000 in IDGF grants applied for and awarded during the reporting period.

Industrial Development Loan Fund (IC 5-28-9)

The Industrial Development Loan Fund provides loans to small business investment companies as well as to certain qualified entities for an approved industrial development program. An industrial development program is defined as a program designed to aid the growth of industry in Indiana and includes the construction of airports, airport facilities, and tourist attractions; construction, extension, or completion of sewer lines, water lines, streets, sidewalks, bridges, roads, highways, public ways, and information and high technology infrastructure; leasing or purchase of property, both real and personal; and the preparation of surveys, plans, and specifications for the construction of publicly owned and operated facilities, utilities, and services. There were no loan funds from this program awarded during the reporting period.

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2010

Local Economic Development Organization Fund

The Local Economic Development Organization Fund provides grants to economic development commissions, regional planning commissions and nonprofit organizations undertaking strategic planning and capacity building initiatives. This program is designed to provide resource support to local and regional groups conducting activities such as asset inventory and analysis, target industry studies, and development of regional marketing plans. The maximum grant amount is \$50,000 per year for a single county initiative and \$75,000 per year for a multi-county initiative. There were \$523,150 in grants applied for and awarded during the reporting period.

Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Match Programs (IC 5-28-16)

The Twenty-First Century Fund provides matching grants of up to \$100,000 to companies receiving Phase I SBIR/STTR awards and up to \$350,000 to recipients of Phase II SBIR/STTR awards. The purpose of grants awarded under this section is to leverage federal dollars and accelerate the development of innovative new technologies. Funds must be used towards the development of technology supported through the SBIR/STTR award. This program does not have a statutory job creation requirement. There were \$18,496,736 in grants applied for and awarded during the reporting period.

South Central Indiana Regional Partnership Fund

Indiana Code § 4-33-12-5 provides that the IEDC receives 25% of the admissions taxes generated at the French Lick casino. These funds are to be used for the development and implementation of an economic development strategy for the region comprised of Orange County and its five contiguous counties. The IEDC has deployed these funds to enhance the overall economic competitiveness of the region through strategic investments in areas including regional infrastructure, education, and site readiness. There were \$2,008,495.92 in grants applied for and awarded during the reporting period.

Technology Development Grant (IC 5-28-10)

The Technology Development Grant Fund ("TDGF") provides assistance to communities in which a Certified Technology Park has been established. TDGF awards may be used to offset capital or operating expenditures and must be used within the boundaries and in support of a community's Certified Technology Park. There were \$5,086,803 in TDGF grants applied for and awarded during the reporting period.

Trade Show Assistance Program

The Trade Show Assistance Program supports Indiana based businesses that market their products and services to an international audience by providing financial support for their participation in international trade shows or local events with a definite international component. The maximum amount of funding is \$5,000, or 100% of trade show exhibit space rental fees, whichever is less. Companies may not receive more than \$5,000 in funding per State fiscal year. There were \$265,658.04 in grants applied for and awarded during the reporting period.

Twenty-First Century Research and Technology Fund (IC 5-28-16)

The Twenty-First Century Fund ("21 Fund") provides grants to companies engaged in the commercialization of innovative new technologies and creating high wage technology based jobs in Indiana. Program compliance is based on technology development benchmarks and financial reporting. This program does not have a statutory job creation requirement. There were \$29,919,946 in grants or loans applied for and awarded during the reporting period.
