

ECONOMIC INCENTIVES AND COMPLIANCE REPORT For The Reporting Period July 1, 2007–June 30, 2012

Pursuant to Indiana Code § 5–28–28, the Indiana Economic Development Corporation (“IEDC”) is providing a report to the Governor, the Indiana General Assembly, and the Legislative Council regarding the compliance of companies receiving job creation incentives. The IEDC is further providing information regarding IEDC’s other statutory programs. As stated by Indiana Code § 5–28–28–5, the following report is limited to active awards applied for and awarded during the period beginning July 1, 2007 and ending June 30, 2012, and all determinations made by IEDC as of June 30, 2012. Below are descriptions of the programs included in this report.

ACTIVE JOB CREATION INCENTIVES

Economic Development For A Growing Economy Tax Credit (IC 6-3.1-13)

The Economic Development for a Growing Economy (“EDGE”) tax credit program is Indiana’s primary job creation incentive. The EDGE Program provides a tax credit to companies creating net new jobs in Indiana. EDGE awards are calculated based on the number of jobs being created and the wages associated with those jobs. An EDGE award is released on an annual basis over a period of up to ten years after a company first certifies to the IEDC its net new Indiana payroll achieved for that year. Employment figures included in this report represent the total number of employees anticipated to be hired over the term of the incentive agreement. The tax credit amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. In the event that actual new employment differs from the employment level indicated in the incentive agreement, the annual award amount is adjusted on a pro-rata basis to reflect actual performance. In no event can the total benefit received by a recipient exceed the total award amount indicated in its incentive agreement. There is a maximum of \$367,480,813 in EDGE tax credits available to be earned by recipients for projects that applied for and were awarded during the reporting period. By dollar value, the EDGE tax credit is the most utilized jobs creation incentive. The dollar value awarded to companies

is six times larger than the next most utilized incentive and therefore, in this respect, is a highly effective tool available to companies for expansion or new ventures.

Hoosier Business Investment Tax Credit (IC 6-3.1-26)

The Hoosier Business Investment Tax Credit (“HBI”) program is a job creation incentive. The HBI program provides tax credits to companies making significant new capital investment in Indiana. The credit amount is equal to a percentage (up to 10%) of a company’s eligible capital investment in Indiana. The HBI award may be carried forward for a period of up to nine years. Investments must be approved in advance by the IEDC in order to be eligible for the credit, and a recipient must first evidence the completion of the investment before the award is released. Employment figures included in this report represent the total number of employees anticipated to be hired over the term of the incentive agreement. Awards are released on an annual basis, and in the event that actual new employment substantially differs from the employment level indicated in the incentive agreement, the award is adjusted on a pro-rata basis to reflect actual performance. The tax credit amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. In no event can the total benefit received by a recipient exceed the total award amount indicated in its incentive agreement. There is a maximum of \$51,006,760 in HBI tax credits available to be earned by recipients for projects that applied for and were awarded during the

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2012

reporting period. These tax credits correspond to an aggregate expected qualified investment for all recipients in the amount of \$2.4 billion. The HBI tax credit is effective for encouraging companies to make investments in the State, particularly if they project an Indiana income tax liability.

Skills Enhancement Fund (IC 5-28-7)

The Skills Enhancement Fund ("SEF") is a job creation incentive that supports the training of Indiana's workforce by providing reimbursement for a company's eligible training costs. A SEF award is disbursed over a two year period after a company demonstrates their eligible training expenditures. SEF awards are further limited to 50% of a company's eligible training expenses. In the event that a company's employment differs from the level indicated in the incentive agreement, award amounts are adjusted to reflect actual performance. In no event can the total benefit received by a recipient exceed the total award amount indicated in its incentive agreement. The grant amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. Training figures included in this report represent the total number of employees anticipated to be trained over the term of the incentive agreement. There is a maximum of \$34,098,443.86 in SEF training funds available to be earned by recipients for projects that applied for and were awarded during the reporting period. Given that SEF awards require matching dollar-for-dollar by the grantee, the SEF is an effective tool for developing a skilled labor pool, which helps retain and attract employers.

Indiana Specific Insurance Related Education (IC 5-28-7)

The Indiana Specific Insurance Related Education ("INSPIRE") Training Program provides reimbursement for companies incurring eligible training costs associated with obtaining insurance industry designations and certifications for their employees. INSPIRE awards are disbursed over the term of the agreement after a company demonstrates its eligible training expenditures and achievements. The grant amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to date. Training figures included in this report represent the total number of employees anticipated to be trained over the term of the incentive agreement. There is a maximum of \$79,549.36 in INSPIRE training funds available to be earned by recipients for projects that applied for and were awarded during the reporting period.

Technology Enhancement Certification For Hoosiers (IC 5-28-7)

The Technology Enhancement Certification for Hoosiers ("TECH") Fund provides reimbursement for costs associated with a company's information technology professionals earning recognized information technology certifications in areas including systems administration, systems engineering, and software development. A TECH award is disbursed over the term of the agreement after a company demonstrates their eligible training expenditures and achievements. The grant amounts included in this report represent the maximum value of incentives that can be achieved by the recipient for the project to

date. Training figures included in this report represent the total number of employees anticipated to be trained over the term of the incentive agreement. There is a maximum of \$79,980 in TECH training funds available to be earned by recipients for projects that applied for and were awarded during the reporting period.

Business Development Loan Fund (IC 5-28-32)

The Business Development Loan Fund ("BDLF") is a revolving fund used to provide a borrower a direct loan for an economic development project. The proposed project must do any of the following: improve the technological capacity or productivity of the businesses; enhance the protection of Indiana's environment; or permit the business to expand facilities, establish new facilities, or make site improvements or infrastructure improvements. While the program may be used to fulfill any of the foregoing purposes, it may also be used at times as a job creation incentive. There is a maximum of \$7,400,000 in loan funds available to be earned under this program by recipients for projects that applied for and were awarded during the reporting period.

Industrial Development Project Guaranty Fund (IC 5-28-30)

The Industrial Development Project Guaranty Fund is a non-lapsing, revolving fund used to provide a bank a guarantee for a loan secured by real property or personal property to or for the benefit of an industrial development project or agricultural operation that involves the process-

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2012

ing of agricultural products. While the program may be used to fulfill any of the foregoing purposes, it may also be used at times as a job creation incentive. There is a maximum of \$2,000,000 in loan guarantees available to be earned under this program by recipients for projects that applied for and were awarded during the reporting period.

Biofuels: Biodiesel Production Tax Credit (IC 6-3.1-27-8), Blended Biodiesel Tax Credit (IC 6-3.1-27-9), and Ethanol Production Tax Credit (IC 6-3.1-28)

The Biodiesel Production Tax Credit (\$1.00 per gallon), Blended Biodiesel Production Tax Credit (\$0.02 per gallon), and Ethanol Production Tax Credit (\$.0125 per gallon) programs provide a tax incentive to support the development of Indiana's biofuels industry. The statutory maximum under these programs was reached prior to the reporting period of this report.

Capital Investment Tax Credit (IC 6-3.1-13.5)

The Capital Investment Tax Credit is a job creation incentive that provides a 25% tax credit for investment in equipment, machinery, facilities, buildings, or foundations that are installed or used for a project having an estimated total cost of at least seventy-five million dollars (\$75,000,000) and in a county having a population of more than forty-three thousand (43,000) but less than forty-five thousand (45,000). Historically, this credit was used only by one company located in Indiana, in the City of Shelbyville. During this reporting period, there were no Capital Investment Tax Credits applied for and awarded.

Headquarters Relocation Tax Credit (IC 6-3.1-30)

The Headquarters Relocation Tax Credit was established to incentivize the relocation of corporate headquarters to Indiana. Qualifying projects must involve the relocation of the principal offices of a company's principal executive officers. The credit amount is equal to 50% of a company's qualifying relocation costs. There were no headquarters relocation applications approved through the IEDC during the reporting period.

Hoosier Alternative Fuel Vehicle Manufacturer Tax Credit (IC 6-3.1-31.9)

The Hoosier Alternative Fuel Vehicle Manufacturer Tax Credit provides an incentive for investments in the manufacture or assembly of alternative fuel vehicles. There were no Hoosier Alternative Fuel Vehicle Manufacturer Tax Credits applied for and awarded during the reporting period.

Local Option Hiring Incentive (IC 6-3.5-9)

The Local Option Hiring Incentive was established to allow counties and cities to foster local job creation by providing incentives from certain tax remittances. This program was established in 2011 and to date; no qualified entities have submitted an annual report per IC 6-3.5-9-17.

New Employer Tax Credit (IC 6-3.1-33)

In 2010, the New Employer Tax Credit program was established to encourage businesses to relocate, start new operations or expand existing operations in Indiana. To qualify for this credit, the business must employ at least 10 ten persons for 24 consecutive months. Since the

program was established, no businesses have been approved to participate in this program.

This information is being provided consistent with various statutory requirements: IC 5-28-28-5 and -9; 6-3.1-13-24; 6-3.1-26-25; and IC 6-3.1-31.9-22, and 6-3.5-9-17.

This report shall be posted on the IEDC website, iedc.in.gov, consistent with IC 5-28-6-2(b)(8), IC 5-14-6-4.

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2012

APPENDIX

Active Job Creation Incentives

ACTIVE TERM—means that the Company is currently eligible to earn and receive incentives under the incentive agreement. **Attraction** – means the Company is locating a new project in the State.

CLOSED—means the incentive listed in the project was completed or otherwise closed during the last fiscal year, July 1, 2011 to June 30, 2012. Any projects closed prior to July 1, 2012 are reflected in annual reports filed prior to this report.

EXPANSION—means the Company is expanding its existing Indiana operations above its base employment level. Expansions may result from a Company's growth in product demand, introduction of new product line, or a decision to consolidate its operations into Indiana.

MAXIMUM ELIGIBLE AWARD—means the maximum amount the Company may earn throughout the term of the incentive agreement, after taking into account the performance to date for which tax credits were already certified and grant funds already paid.

NONCOMPLIANT –P OR NONCOMPLIANT–C—means that the IEDC has made a determination that the Company has not met its obligations under the Agreement. **Noncompliant–P** means that the IEDC is pursuing a claim against the Company. **Noncompliant–C** means that the claim has closed out as uncollectible or repaid.

POST TERM REPORTING—means that the Company is no longer eligible to earn additional incentives under the incentive agreement but is still required to meet certain reporting or operational requirements, e.g. maintain operations in the State of Indiana.

RETENTION—means the Company is maintaining its existing Indiana operations.

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2012

OTHER ECONOMIC DEVELOPMENT PROGRAMS

This report includes active awards made during the period beginning July 1, 2007, and ending June 30, 2012, divided into two parts: new awards made during the last fiscal year and active grants made during prior reporting periods.

Economic Development Fund (IC 5-28-8-8)

The Economic Development Fund program ("EDF") provides grants to communities or nonprofits undertaking various economic development initiatives. The Economic Development Fund may be used to support public works projects, technical assistance and studies, economic adjustment assistance, and other economic development programs. During the last fiscal year, there were \$739,739.50 in new grants awarded.

Enterprise Zone Loan Interest Credit (IC 6-3.1-7)

The Enterprise Zone Loan Interest Credit is intended to promote access to capital for businesses located in an Enterprise Zone by providing a tax credit to financial institutions making loans to zone businesses. The credit amount is equal to 5% of the interest the financial institution receives in conjunction with loans made to zone businesses. Financial institutions are not required to be located in an Enterprise Zone in order to receive the credit. The Indiana Code does not require financial institutions to apply to the IEDC for approval nor does it require the entity making or receiving a qualified loan to report to the IEDC regarding new job creation or capital investment associated with the qualified loan. As mentioned above, the Indiana Code does not require financial institutions to apply to the IEDC in order to claim the tax credit. Rather,

companies are required to notify the IEDC on an annual basis regarding the total amount of credits claimed under this program. In calendar year 2011 (the most recent period available), there were \$893,613.33 in claimed tax credits.

Industrial Development Grant Fund (IC 5-28-25)

The Industrial Development Grant Fund ("IDGF") provides assistance to communities making infrastructure investments in support of economic development opportunities. Eligible infrastructure includes airport facilities, sanitary or storm sewers, water lines, streets, rail spurs, information and high technology infrastructure, or other real or personal property. During the last fiscal year, there were \$400,000.00 in new grants awarded.

Industrial Development Loan Fund (IC 5-28-9)

The Industrial Development Loan Fund ("IDL") provides loans to small business investment companies as well as to certain qualified entities for approved industrial development programs. An industrial development program is defined as a program designed to aid the growth of industry in Indiana and includes support for various types of infrastructure. During the last fiscal year, there were no new loan funds awarded from this program.

Local Economic Development Organization Fund (IC 5-28-11)

The Local Economic Development Organization Fund ("LEDO") provides grants to economic development commissions, regional planning commissions and nonprofit organizations undertaking strategic planning and capacity building initiatives. This program is designed to provide resource support to local and regional groups conducting

activities such as asset inventory and analysis, target industry studies, and development of regional marketing plans. The maximum grant amount is \$50,000 per year for a single county initiative and \$75,000 per year for a multi county initiative. During the last fiscal year, there were \$110,000.00 in new grants awarded.

Small Business Development Fund (IC 5-28-18-8(9))

The Small Business Development Fund, formerly known as the Microenterprise Partnership Program, provides small loans to nontraditional entrepreneurs. The loan fund is administered by the Indiana Housing and Community Development Authority, effective June 30, 2012. There were no new awards made by the IEDC during the reporting period.

Small Business Incubator Program (IC 5-28-21-21)

The Small Business Incubator Program is a revolving fund to provide grants, loans and guarantees to incubators for business development in economically disadvantaged areas. During the last fiscal year, there were no new grants, loans or guarantees awarded.

Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) Match Programs (IC 5-28-16)

The Twenty-First Century Fund provides matching grants up to \$100,000 to companies receiving Phase I SBIR/STTR awards and up to \$350,000 to recipients of Phase II SBIR/STTR awards. The purpose of these grants is to leverage federal dollars and accelerate the development of innovative new technologies. This program does not have a statutory job creation requirement. During the last fiscal year, there were \$300,000.00 in new grants awarded.

ECONOMIC INCENTIVES AND COMPLIANCE REPORT

For The Reporting Period July 1, 2007–June 30, 2012

South Central Indiana Regional Partnership Fund (IC 4-33-12-6(c)(1)(G))

The South Central Indiana Regional Partnership Fund ("SCIRP") provides that the IEDC receives 25% of the admissions taxes generated at the French Lick casino. These funds are to be used for the development and implementation of an economic development strategy for the region comprised of Orange County and its five contiguous counties. The IEDC has deployed these funds to enhance the overall economic competitiveness of the region through strategic investments in areas including regional infrastructure, education, and site readiness. During the last fiscal year, there were \$1,331,662.00 in new grants awarded.

Technology Development Grant (IC 5-28-10)

The Technology Development Grant Fund ("TDGF") provides assistance to communities in which a Certified Technology Park has been established. TDGF awards may be used to offset capital or operating expenditures and must be used within the boundaries and in support of a community's Certified Technology Park. During the last fiscal year, there were no new grants, loans and guarantees awarded.

Trade Show Assistance Program (IC 5-28-14)

The Trade Show Assistance Program supports Indiana based businesses that market their products and services to an international audience by providing financial support for their participation in international trade shows or local events. The maximum amount of funding is \$5,000, or 100% of trade show exhibit space rental fees, whichever is less. During the last fiscal year, there were no new grants, loans and guarantees awarded.

Twenty-First Century Research and Technology Fund (IC 5-28-16)

The Twenty-First Century Fund ("21 Fund") provides grants or loans to companies engaged in the commercialization of innovative new technologies and creating high wage technology based jobs in Indiana. Program compliance is based on technology development benchmarks and financial reporting. This program does not have a statutory job creation requirement. During the last fiscal year, there were \$4,450,000.00 in new grants awarded.

This information is being provided consistent with various statutory requirements, including IC 5-28-8-8.

This report shall be posted on the IEDC website, www.iedc.in.gov, consistent with IC 5-28-6-2(b)(8), 5-14-6-4.
